Objective An opportunity to utilize my graphic design and digital video skill set, toward a career that promotes my well being as a designer.

Work History JR Graphic Designer: Cornerstone Church of San Diego

- Designed promotional printed material for various organizations within the church.
- Photographed own stock images with DSLR for use within the church.

Call Manager: Spherion San Diego CA

- Worked in a callcenter environment for Pyxis. Handled various tasks dispatching field service techs.

Computer Tech : NMCI Project, Techniki Infomatica, Atlanta, GA

- Staged computers for the navy and marines to join their intranet. My list of duties are to make sure software is installed correctly for each individual customer and that they are connected to the network. I also QA machines to make sure the computer is running correctly with the new programs. I also make cat5 cables to the network.

Education Platt College San Diego

- Graduated with Associates of Applied Science in Graphic Design
- Achieved Deans List Honors
- Currently obtaining Bachelors of Science in Media Arts

Microskills of San Diego

- A+ and N+ Computing and networking Certifications
- MCSE in Windows XP and Windows 2000
